

# Setting Up/Using TITAN TV for use with WinTV v6 or WinTV v7

After WinTV v6 or WinTV v7 and all of its components have been installed, open your Internet browser (Internet Explorer, Firefox, etc.) and go to TITANTV.com.

The first thing you will see is the 'Welcome to TitanTV'. TitanTV chooses the most likely channel lineup based on your Internet address. Choose your cable set up from the options listed or select the "No, Let Me Choose One" option.

After selecting NO, you will be asked to select your TV source.

Enter your ZIPCODE.

Then choose your cable provider and click SAVE.

Your TITANTV.com program guide should be complete. You will notice there are Tips made available for you to help you along your way. Also, there are options and preferences you may adjust to set up your program guide to your liking. Become familiar with Titan TV and all it has to offer.
